4	I think more apartment buildings should allow pets such as dogs and cats. First, nowadays, the demand for apartment buildings that allow pets is increasing. This is because more and more people believe that owning a pet is a good way to reduce stress. Second, when pet owners are unable to find an apartment that allows pets, it can lead to problems. For example, there could be an increase in the number of abandoned dogs and cats. For these two reasons, I agree with this opinion.
